

Know what you want to be when you grow up!

**WEEKEND
SEMINARS!**

**Want to be involved in something bigger than yourself?
Would knowing your purpose and how to fulfill it give you a sense
of wholeness and completeness?**

We are all on a journey of life. But, when you do not know why you exist; or how to fulfill your purpose, you become rudderless and just drift along. You can experience new wholeness and completeness when you become crystal clear about:

- * who you are in Christ and what you are in your Baptism;
- * your unique God-given purpose—at work, in the home, in your community, and in the church;
- * inhibiting beliefs that keep you from being all that you are intended to be, and how to address them;
- * how to develop effective strategies for following God's leading as you do the ministries and good works for which He has created you.

When you know these things, others will meet God more naturally through you. God is glorified!

You've heard about LIFE JOURNEY's online opportunities, now there is a second method of journeying through the use of different weekend seminars.

Seminar One will help you identify how God has been actively molding you for a unique purpose; and creating a passion within you for the sole ministries of service and witness He has for you to do.

Seminar Two uses a coaching methodology that enables you to identify your distinctive life purpose, and how to strengthen the belief systems necessary for fulfilling that purpose.

Seminar Three will help you develop concrete strategies for fulfilling your purpose within your God-given circles of influence – in the work place, family, community society, the institutional church!

Weekend Prayer Seminars are also available to help you develop an even more intimate relationship with God as you seek His will and serve Him in the world!

Here's what participants
have to say about
LIFE JOURNEY:

"Looking more deeply into one's individual faith story and really having to wrestle with faith issues is something that I have found incredibly valuable for myself and have not found in traditional Bible study formats or small group materials."

"Looking at my life from a faith perspective rather than just looking at the events brings God's hand, direction and provision into view."

"This is a life changing class and I encourage you to ... prayerfully consider if God is calling you or someone you know to explore in more depth your faith journey - how God has worked in your life and prepared you for His purpose and glory. You will be blessed!"

LIFE JOURNEY: Being Sunday People in a Monday World is a ministry of the Leadership Advancement Process [L.A.P.] of the Lutheran Church-Missouri Synod. It is in partnership with One Mission Ablaze and Tracking the Spirit. It is a proud recipient of a major mission grant from the Lutheran Women's Missionary League.
